## Book Details:

*Review: This book is full of interesting and useful ideas about persuasion. It draws on findings from a wide range of research/experiments on decision making. There are, however, a couple of aspects of its presentation that I find frustrating. First, the authors are often very brief when describing the experiments from which important lessons are drawn. With...*

*Description: Every day we face the challenge of persuading others to do what we want. But what makes people say yes to our requests? Persuasion is not only an art, it is also a science, and researchers who study it have uncovered a series of hidden rules for moving people in your direction. Based on more than sixty years of research into the psychology of persuasion,...*
